**Thomas R. Pickering Graduate Foreign Affairs Fellowship** - The goal of the fellowship program for U.S. citizens is to attract outstanding students (3.2 GPA or above) who enroll in two-year master’s degree programs in public policy, international affairs, public administration, or academic fields such as business, economics, political science, sociology, or foreign languages, and who have an interest in pursuing a Foreign Service career in the U.S. Dpt. of State. The fellowship award (up to $37,500) includes tuition first, then room, board, books, lab fees, and one round-trip ticket home per academic year, pending availability of funds. Graduate-level fellows receive stipends during participation in one domestic summer internship between the first and second year of graduate school and one overseas summer internship following the second year of graduate school. Each successful candidate is obligated to a minimum of three years of service in an appointment as a Foreign Service Officer. For more information, click link above. Application deadline typically in January each year.
