HOW TO APPLY

Our online application system allows you to begin an application, save it, and return to finish it later.

Remember that study abroad is a competitive process; there are different academic requirements and a different number of spots available for each program. Acceptance decisions are made primarily on the academic fit between the student and the program.

You should select your first-choice and second-choice programs with equal care as many students are approved for the program they have indicated as being their second preference.

One or both of your first or second-choice programs must be an exchange/direct enroll program. If only one of your choices is an exchange/direct enroll program, your other choice can be an affiliate program. The reason for this requirement stems from UR's study abroad philosophy of immersion not only in a foreign culture, but also in a foreign academic system.

OUR BLOGGERS

The OIE always has “foreign correspondents” in interesting locations, providing a student perspective on the study abroad experience. In fall 2018, we’ll have people writing from several different countries. Check it out here.
