Optional Practical Training (OPT)

A GUIDE TO WORKING OFF CAMPUS FOR F-1 VISA HOLDERS
What is OPT?

Work experience in the U.S.* related to an F-1 student’s major to provide practical training during or upon completion of a degree program

*OPT is required for working physically in the U.S., regardless of the employer’s location. Work can be hybrid or remote as long as there is a supervisory relationship with the employer. If you will be physically working outside the U.S., OPT is not required, even if the employer is U.S. based.
What kind of work can I do with OPT?

**Possible**

• Paid, unpaid or volunteer positions

• Multiple employers

• Work for hire as contractor or consultant

• Self-employed business owner

• Agency or consulting firm

**Not possible**

• On-campus employment through Student Employment unless enrolled in a higher level degree program at UR for the next available term

• Work for UR after graduation UNLESS the job is a faculty, staff or other professional position recruited through Human Resource Services
How long is OPT?

• 12 month maximum at each higher educational level for non-STEM majors

• Cannot combine 12 month OPT periods

• 24-month extension for qualifying STEM majors

**Post-completion**

- Must be used AFTER graduation
- Job offer is NOT REQUIRED
- At least 20 hours per week or an average of 20 hours per week in 1-month for variable schedules*

*see COVID-19 slides for modifications during the pandemic

*see COVID-19 slides for modifications during the pandemic
Applying during COVID-19

The regulations state that to be eligible to apply for OPT, you must have valid F-1 status, which is only possible if you are physically in the U.S. Although we normally advise that you apply only from within the U.S., this may not be possible given the current pandemic.

Although U.S. Citizenship and Immigration Services (USCIS) has not announced any exceptions to this requirement, they might show flexibility in approving your application during COVID-19 conditions.

Given these unusual circumstances, IE is willing to recommend OPT regardless of your current location, with the caveat that OPT approval is ultimately up to USCIS.
Modifications during COVID-19

Students are still eligible for OPT if they are studying outside the U.S. and their SEVIS record is in Active status.

Students currently participating in OPT, including STEM OPT, may work remotely if their employer has an office outside of the U.S. or the employer can assess student engagement using electronic means.

Students are permitted to work fewer than 20 hours per week because of the economic impact of COVID-19.
What is the earliest date I can apply for OPT?

**Pre-completion**
- 90 days before completing 1st full academic year
- If you have completed 1st full academic year, 90 days before employment start date

**Post-completion**
- 90 days before graduation
- Applications filed 91 or more days before graduation will be rejected and you will have to re-apply with a new application form and fee
- Must apply separately for pre- and post-completion
What is the latest date I can request an OPT recommendation from IE?

- December 1 fall semester preferred deadline
- May 1 spring semester preferred deadline
- Application must be filed with USCIS within 30 days of OPT recommendation from IE and no later than the end of the 60 day grace period after your graduation
How do I choose my OPT start and end dates?

**Pre-completion**

- Known or estimated dates of employment

**Post-completion**

- Start date anytime from 1 to 60 days after graduation
- End date no more than 12 months from start date if you have not used pre-completion OPT
What is the timing of the OPT application and approval process?

3-4 weeks after mailing application
- Receive USCIS receipt notice (I-797C)

About 5 months from receipt date

• Date of record termination equals loss of F-1 status immediately – NO GRACE PERIOD!!

• Violation of F-1 status by not departing the U.S. or applying to change or continue your status once unemployment limit is reached
